

Pyle Gives Telephone Hints

Four "telephone tips" for holiday calling were offered this week by R. E. Pyle, Pacific Telephone's Torrance manager, to those planning a "long distance Christmas greeting to friends and loved ones."

Getting the calls "safely home" for Christmas will be the first order of business for Pacific operators during the holidays, he said.

"Our problem is that there may be some delays and that some calls out of state may not be completed," the manager explained.

"We expect that telephone circuits Dec. 24 and 25 will be overloaded far beyond normal calling capacity. We've learned how to lessen the problem but it requires

the help of all who are planning to place calls."

Pyle said the "folks back home" won't be disappointed if the four "telephone tips" are followed.

They are:

1. Plan your telephone holiday get-togethers (long distance calls) for periods other than Dec. 24 and 25. The same reduced rates apply after 6 p.m. every evening and all day Sundays.

2. Call by telephone number. Get it and the area code in advance, if possible.

3. Dial direct. Use your DDD service, if you have it.

4. More DDD lines are available after 11 p.m. The manager pointed out that nearly 200,000 holiday calls were completed last year for Los Angeles and Ventura counties customers during the period from Dec. 24 through 26.

"Our operators will do their utmost to complete everyone's call," he said.
